

Who?

Hi, I'm **Jeremy Zolnai-Lucas**,
a second-year engineer at Clare. That one

What?

I want to be your next **Club Technical Director**. I have a passion for technical theatre, having TDd 5 shows at the ADC, and I want to make being a techie with the ADC as fun as possible for as many people as possible.

I want to:

- **Increase learning opportunities** for those who don't feel confident enough to apply for roles. I want to do this by encouraging people to apply for assistant roles, particularly for the rarely used assistant TD role, so they can learn on the job directly from someone experienced at the role.
- **Hold useful workshops** for aspiring TDs, particularly on the basics of getting started, teaching people how to approach a new show, where to look for resources, how to use CAD, etc.
- Work with management to continue **implementation of new safety procedures**. The outgoing TD has done a wonderful job in helping to get the ball rolling on several issues such as a paper trail for peer training, and I would like to continue his work. Theatre is meant to be fun, and I want to make sure we can continue to have fun without getting hurt, while maintaining the creative and technical freedom we enjoy.
- **Encourage new people to get involved**, through advertising to freshers and providing support to get involved to anyone, fresher or not. I would also like to work together with CUADC as a whole to continue to break down barriers of entry for underrepresented minorities, and **ensure all people are equally welcome in technical theatre**.

When?

Voting begins Sunday 21st February.

Where?

Online, see the club secretary's correspondence.

Why?

I think the "what" section hopefully covers why you should vote for me.

Oh, and I'll clean the club cupboard 😊. Cheers.
