WHO AM I?

Let's be honest, this is what you're all thinking. Covid really hasn't been ideal for us Freshers so I'm really not as well connected as I would like to be. However, I would really love to get involved in the CUADC. My main interests in theatre are in writing, directing and acting, and I was involved with my local Youth Theatre from age 6-18, eventually helping to tutor and run the group.

MEMBERSHIP DATABASE

One of the main duties of the Membership Secretary is to keep the database up to date and to ensure every member has their membership card. I am incredibly organised and dedicated to maintaining that. I would work hard to ensure that all membership mailing lists and databases are kept up to date, particularly for freshers, to ensure no one misses out on opportunities or important news about the CUADC.

ALUMNI CONNECTIONS

I would like to look at working with the Social and Outreach Secretary, as well as representatives to organise alumni events where alumni who are now working in the arts can talk to and give advice to current members. I feel this would be a great help to members looking to get into the industry, as well a good way of keeping alumni connected.
