

# Hugh Bowers

## For Club Technical Director

---

### I want to make backstage friendlier and more accessible

- Set up a tech peer mentoring program to give new techies a clearer understanding of their job and a readily available friendly face for questions
- Make technical trainings more regularly scheduled and clearly publicised, and encourage more people to join in
- Making the counterweights and hemps gallery more accessible (safety straps for people under the safe weight for counterweights operation)

### And other ideas...

- Name tags at get-ins
- Continuing to improve and add to the ADC wiki
- Incentivising techies not involved with a production to participate in get-ins on a more regular basis

### About Me

I am second year English student at Fitz, living in Dublin.

I have been TD'ing at the ADC since Easter of first year.

First Show: A Small Family Business (M21)

My Favourite Set: Enron (E22)

Pet Peeve: Stripped heads on screws

Weaknesses: Easily bribed with any caffeinated drink
