He/Him

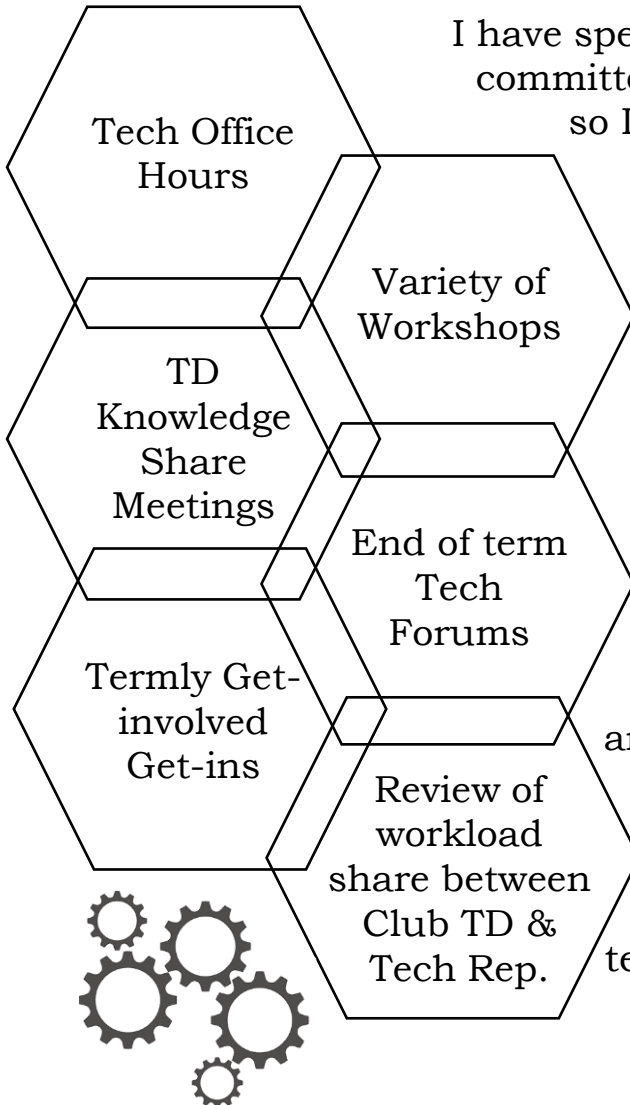

## For Club Technical Director

Second Year Engineering Student At Selwyn College

Wide variety of production experience ([Camdram](#), 2024)

I have been TD'ing since Blue Stockings which was my freshers' show.

I have spent the last year on CUADC committee as the Junior Treasurer, so I have become familiar with the responsibilities of the Club TD having assisted with this year's fresher's shows.

I want to be able to continue to give back and help promote excellence in Cambridge theatre.

As well as promoting the have-a-go mentality toward backstage roles and continuing to make sure sustainable practices are kept in place at the ADC

“I hope to oversee club technics with relevant skills and careful consideration”
