

A Clean and Organized Costume Store for ALL

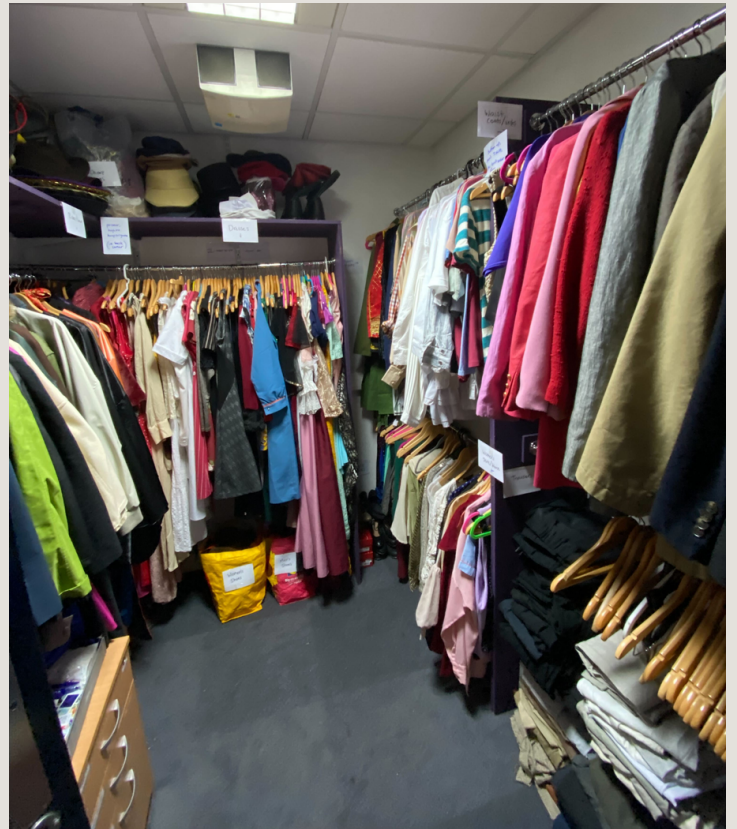

Jessi Rogers for Designers Rep 2023-24

Having served unofficially as your designer's rep this year, I would love to take on the role for real this time! I have worked professionally in the costume/wigs world and would like to continue to bring that knowledge to the ADC.

PLUS I would love to encourage more designers and costume technicians to get involved at the ADC! I think creating this distinction between designer and technician will make the world of costumes much more accessible.

Promises for 2023-24

- A clean and organized costume store
- Good vibes
- Aid in costume restoration and construction
- MORE WIGS PLEASE
- Maintain Costume Catalogue (that was create this year by yours truly)

The Costume Store Today

To see everything we have in stock, check out our new Costume Store folder in the Public CUADC Drive:
