2. Minutes and Matters Arising

Favour for HV - Fairview does not have a sound or lighting designer!
Please put out some words.

3. Show Reports

Normal Heart - GS

The prod team have asked for some help sourcing get-in/builders. The team are doing really well and it seems to be coming together. Ticket sales have started. HV is working on helping with events.

Constellation Street - FP

Poster design is finished. Have publicity plans.

LTM - CW

Bit slow of the mark but not concerned have sold 145. Publicity game is strong. Cast takeover/workshops etc. The techies want more money - CW said "suck it" (politely). In person rehearsals have started. 2 scenes done and 2 numbers blocked. "I love my techies" - Em Sparkes. SH is worried about the rig plan. (But it is his plan). CW has no concerns. Neither does HV.

Marlowe Shakespeare - HV/CW

The long and short is that we are going to loan them money for their budget but they won't actually use it. (Kind of like a contingency - we won't take any profit from the show and they don't plan to need the money.) At

the moment they don't need any extra support - they have a full prod team and cast.

Vegas! - EC

EC will be main role contact atm. They are starting to look for venues, the main question is whether they should do a 2 week or 4 week run. HV and EC have advised them to inquire about 4 week run but not commit until we know the cost of venue hire.

Group Chats

CW asks where does show contact draw the line when it comes to group chats. Should they be in all of them or the main one. HV suggests that just the main one is fine.

4. Election Info

Info Form: [CUADC Election Information 2024](#)

5. Club Dinner Update - FC

Please can all the committee buy tickets or let Freya know if you can't attend. So far 76 sold but hoping this picks up with SFE and return to Cam. Please push tickets in group chats etc especially with Freshers.
