General celebration that the stage is signed off for Epicoene before the meeting has even started!

## 3. Show Reports

**Ed Fringe AH-** SPAT report requested, their next step is accommodation. Recommendation from ES (supported by IK and ED) that they look into university halls accommodation

NH and HR arrive.

### **Camden Fringe AH:**

**Heart of a dog** - CN is working on ensuring all team members are CUADC members.

**Margery Kempe** - Planning to support them to get a go fund me page to help fill the rest of their budget to add to the funding from CUADC

**Salome CN-** Most of the show is blocked, choreo still to go. Publicity is starting to have a bigger push so hopefully this will improve ticket sales. Set is planned, costumes going well. Ongoing work trying to get the corpus microphone working. AC volunteers to help with this.

**Still Life GS-** Rehearsals happening. Generally positive from the group chats.

**Oedipus ED-** Some school groups are coming. Happy with rehearsals. There is discussion about some charity donations. Education packs are being made. CN says this show is very rare and very exciting as only about 3 people are not yet members!

**Panto KA-** Has already sold tickets! Has recruited a central tech and production team successfully.

#### **4. Garden party RI**

Pretty much confirmed for the college in question. Signed off by head porter etc. 16th June is the current date. We may need to sign extra paperwork for the BBQ on the day. Discussion about cross contamination with veggie food, and making sure this all works. RI has looked at the suggestions for entertainment for last year such as bouncy castle, prop and spoon race. We are allowed to play music, and there is a contingency indoor area.

#### **5. Easter socials RI**

Finalist dinner with pizza pasta wine and tiramisu. Depending on take up from finalists this could be opened up to more people. Bringing the quiz for the same day in the ADC to be for a wider audience.
