## **5. Show reports**

The Effect RW (absent but SPAT passed on)

- Sales: We've sold 119 tickets total so far, which we're happy with but we are to push the opening night because we've sold very few on that night (the least by far).
- Publicity: We are setting up some psychology socials to boost sales, and we're going to do a big social media push in preparation for opening night especially over the get-in and the tech and dress rehearsals.
- Acting: The whole show has been rehearsed, and we're just finalising line learning and transitions on and off stage. Now, rehearsal in the space will be the most useful.
- Tech: We had a tech meeting this morning, and all is in place. Currently still looking for some operators for some of the nights. A volunteer has offered to show us around the projectors, which is extremely helpful.
